360 HAITI BRAND STRATEGY

The strategy behind the activation: how 360 wins the Grand Nord, day and night, and beats Toro on the ground. The brand & audience thinking beneath the BTL and digital plan.

HAITIBRAND.

Everything you do, **you do it at 360.**

360 is not a moment in the day. It is the whole circle of it. The degree sign is the promise: we are in every part of your life. At sunrise, when the work begins. After dark, when the living begins.

One human truth, two faces: **energy lived with honour by day, and with passion by night.** Two audiences who together close the circle.

360 LIVE

Live your life fully, boldly, on your own terms, and 360 is the energy that lets you.

● DAY · the hustle ● NIGHT · the life

Toro owns the day. It leaves the night **wide open**.

OCCASION PRESENCE ACROSS THE DAY · INDEX

Toro is woven into **daily life**: present, available, routine. But it does not actively chase the night. The reason is structural: Toro sits inside the **BRANA** portfolio, which already owns the night through its other brands. Toro holds back to avoid cannibalising its own stablemates.

OUR EDGE

We know your competitor **better than anyone**: their go-to-market, their distribution, their marketing. That is why we can take this market from Toro, **progressively**: own the night it vacates, then out-respect it in the day.

Two pillars. One circle.

Not built on demographics. Built on a human truth. One pillar lives by day and drinks for the grind. One lives by night and drinks for the life. Together, they are 360.

* DAILY LIFE · FUNCTIONAL FUEL

The Hard Workers

The backbone of Haiti: the masses, the informal economy. The Madan Sara and every man who carries the country on his hands.

Honest fuel for the hustle.

☾ NIGHT LIFE · EXPERIENTIAL ENERGY

The Young Generation

Hyped, ambitious, full of life. They want to study, build a future and live boldly. **The energy of the experience.**

one brand, the full circle

The Hard Workers, **the backbone.**

The masses. The informal economy that keeps the country standing. The people who choose, every single day, to carry their families on their backs.

Madan Sara, market women

moto & taxi drivers

mécaniciens

ébénistes

constructeurs

agriculteurs

Everyone who works under the sun and earns with their hands.

*You chose to live at 360. You hustle to carry your family. You are a **360 supporter**. Everything you do, you do with honour, and honour takes energy. **360 is there for you.***

VERSUS TORO

This is Toro's stronghold, its daily presence. We don't out-spend it. We **out-respect** it, and we honour the hustle in a way a portfolio brand never bothers to.

The Young Generation, **the life.**

Young women and young men, hyped, ambitious, full of life. They want to build a life **and** live it.

study

build a future

live boldly

on their own terms

What they refuse: a life dictated by anyone else, a life someone tells them how to live.

*You need energy to study. Energy to build your future.
Energy to advance. Energy to live a life **nobody gets
to dictate for you.** So you do it at 360.*

VERSUS TORO

This is the open lane, the night Toro will not enter. Here, 360 is uncontested.

We don't tell them to drink 360. **We own the room where they do.**

Meet & Greet

Creator and tastemaker nights that pull a crowd and put Cherry in hand.

Speakeasy

Intimate after-dark rooms where the brand is the energy of the moment.

Speed Dating

Powered by 360. Cherry as the hero of the night's most social hour.

THE IN-VENUE MIXER MECHANIC

At a point in the night, **360 Cherry is served as a mixer**, with rum, with vodka. Not 360's message: it runs through **venue partnerships** in Cap-Haïtien, Les Gonaïves and Limonade. Bar owners, servers and the **menu** present it: "360 Energy Cherry + rum / vodka," spirit brand unnamed.

RESPONSIBLE BY DESIGN

Kept **out of 360's paid and social communication entirely**. The mixer association lives only inside the venue, owning the occasion while protecting the brand.

Day fuels the grind. Night fuels the life.

☀ Day · The Hard Workers

Cherry Drop sampling · Plen Enèji weekly challenge · 360 Arena · tap-tap & OOH · radio → **honest fuel for the hustle**

☾ Night · The Young Generation

Meet & Greet · Speakeasy · Speed Dating, Powered by 360 · in-venue Cherry mixer → **the energy of the experience**

HaitiBrand category data

our Toro intelligence

live capture during the campaign

A campaign deliverable ISM owns and reuses, grounded in real consumer and competitor truth, not assumption.

IN CLOSING

EVERYTHING YOU DO, YOU DO IT AT 360.

We know your competitor better than anyone. That is why we can show you how to win, progressively. HaitiBrand is staged and ready to move the moment you give the word.
